22 following amendments, canceling claims as set forth below, and reconsider this application in
23 light of the claims as amended. As so amended, the applicant believes he has complied with

25 application is therefore in a condition for issuance of a Notice of Allowance. Please note that
26 all pending claims of this application are listed below, each section of amendments and

28 1.121, effective July 30, 2003. Accordingly, all claims being canceled (if any), and all new
claims (if any), are so indicated, and all claims being currently amended (if any) are presented
with markings to indicate the changes that have been made relative to the immediately prior
version. Further, changes are shown by strikethrough (for deleted matter) and underlining (for
